

## EandB Year 6 - Knowledge and Understanding

There are four Knowledge and Understanding content descriptions in the Western Australian HASS Year 6 Economics and Business syllabus:

- The impact consumer purchasing decisions can have on a family, the broader community (e.g. purchasing from the local growers' market or a supermarket chain) and the environment (e.g. pollution, waste)
- Businesses provide goods and services in different ways (e.g. shopping centres, local markets, online stores, small independent stores, remote community stores) to earn revenue
- Choices about the use of resources result from the imbalance of limited resources and unlimited wants (i.e. the concept of scarcity)
- Decisions about the alternative use of resources result in the need to consider trade-offs (e.g. using the land to grow crops or to graze cattle)
